INTRODUCTORY NOTE

The Secretary General of the Eurodyssey Programme required the Monitoring Centre for Employment and Vocational Training of the Government of the Azores (OEFPA) to implement a Eurodyssey Monitoring System. OEFPA took up the challenge and started preparing the project in June 2011 in cooperation with the General Secretariat.

The system builds on a questionnaire to be answered by ex-trainees 6 months after the end of the traineeship. The General Secretariat regularly sends OEFPA a list of trainees, comprising their name, region of origin, date of beginning of the traineeship and email address. Regions are solely responsible for sending the lists of trainees to the General Secretariat. As the 6-month period comes to an end, the System will automatically generate an email stating its own goal and asking the trainee to complete the questionnaire, which is available through a link in the email itself. All documents, including the questionnaire, are available in four languages: Portuguese, French, English and Spanish, so that the ex-trainee can select her/his preferred language.

This System was presented at the Eurodyssey Forum of Valle d'Aosta, in September 2011, and regions were given a deadline to send their remarks and suggestions. Afterwards, the project was in fact reshaped by taking account of some relevant and feasible suggestions.

This first Report comprehends the traineeships that started after October 2011 and whose 6-month period after the traineeship ended on December 31st 2012. From the 121 questionnaires sent, 50 got answered to. As previously stated, this Report includes only the regions that provided information to the General Secretariat and, among those, only the replies from the respective ex-trainees who accepted answering to the questionnaire.

LIST OF ACTIVITIES

- A AGRICULTURE, FORESTRY AND FISHING**
- B MINING AND QUARRYING**
- C MANUFACTURING**
- D ELECTRICITY, GAS, STEAM AND AIR CONDITIONING SUPPLY**
- E WATER SUPPLY; SEWERAGE, WASTE MANAGEMENT AND REMEDIATION ACTIVITIES**
- F CONSTRUCTION**
- G WHOLESALE AND RETAIL TRADE; REPAIR OF MOTOR VEHICLES AND MOTORCYCLES**
- H TRANSPORTATION AND STORAGE**
- I ACCOMMODATION AND FOOD SERVICE ACTIVITIES**
- J INFORMATION AND COMMUNICATION**
- K FINANCIAL AND INSURANCE ACTIVITIES**
- L REAL ESTATE ACTIVITIES**
- M PROFESSIONAL, SCIENTIFIC AND TECHNICAL ACTIVITIES**
- N ADMINISTRATIVE AND SUPPORT SERVICE ACTIVITIES**
- O PUBLIC ADMINISTRATION AND DEFENCE; COMPULSORY SOCIAL SECURITY**
- P EDUCATION**
- Q HUMAN HEALTH AND SOCIAL WORK ACTIVITIES**
- R ARTS, ENTERTAINMENT AND RECREATION**
- S OTHER SERVICE ACTIVITIES**
- T ACTIVITIES OF HOUSEHOLDS AS EMPLOYERS; UNDIFFERENTIATED GOODS AND SERVICES PRODUCING
ACTIVITIES OF HOUSEHOLDS FOR OWN USE**
- U ACTIVITIES OF EXTRATERRITORIAL ORGANIZATIONS AND BODIES**

TABLE OF PROFESSIONS**1 Manager**

- 11 Chief executives, senior officials and legislators
- 12 Administrative and commercial managers
- 13 Production and specialized services managers
- 14 Hospitality, retail and other services managers

2 Professionals

- 21 Science and engineering professionals
- 22 Health professionals
- 23 Teaching professionals
- 24 Business and administration professionals
- 25 Information and communications technology professionals
- 26 Legal, social and cultural professionals

3 Technicians and associate professionals

- 31 Science and engineering associate professionals
- 32 Health associate professionals
- 33 Business and administration associate professionals
- 34 Legal, social, cultural and related associate professionals
- 35 Information and communications technicians

4 Clerical support workers

- 41 General and keyboard clerks
- 42 Customer services clerks
- 43 Numerical and material recording clerks
- 44 Other clerical support workers

5 Service and sales workers

- 51 Personal service workers
- 52 Sales workers
- 53 Personal care workers
- 54 Protective services workers

6 Skilled agricultural, forestry and fishery workers

- 61 Market-oriented skilled agricultural workers
- 62 Market-oriented skilled forestry, fishing and hunting workers
- 63 Subsistence farmers, fishers, hunters and gatherers

7 Craft and related trades workers

- 71 Building and related trades workers, excluding electricians
- 72 Metal, machinery and related trades workers
- 73 Handicraft and printing workers
- 74 Electrical and electronic trades workers
- 75 Food processing, wood working, garment and other craft and related trades workers

8 Plant and machine operators and assemblers

- 81 Stationary plant and machine operators
- 82 Assemblers
- 83 Drivers and mobile plant operators

9 Elementary occupations

- 91 Cleaners and helpers
- 92 Agricultural, forestry and fishery labourers
- 93 Labourers in mining, construction, manufacturing and transport
- 94 Food preparation assistants
- 95 Street and related sales and service workers
- 96 Refuse workers and other elementary workers

BRIEF OVERVIEW OF RESULTS

From the 50 ex-trainees who answered Eurodyssey's questionnaire, women represented 74% and men 26%. Regarding age, the 22-25 age group is the most representative (64%), being that 50% of the responding women belong to this group. The second age group corresponds to 26-29 years old, representing 28% of the ex-trainees, 20% of them being women.

As regards the origin of ex-trainees, the regions of Valencia, Catalonia and the Azores stand out, while the regions that host more trainees are Valencia again (32%), Baden-Württemberg (18%) and Champagne-Ardenne (12%).

Considering education, and taking Chart 6 into account, most ex-trainees (46%) hold a Master's Degree (Bologna's Second Cycle), while 32% holds a Bachelor's Degree (Bologna's First Cycle). Once again, women stand out, achieving 34% and 26% of the total respectively. Among regions of origin, the education level "Master's (Bologna's Second Cycle) reaches higher rates in Valencia, Rhône-Alpes and Catalonia.

Concerning jobs by hosting regions, Valencia is once again particularly relevant (32%), especially as regards the following professions: "office-workers and data processing operators" (75%) and "personal service workers" (66,7%). As for regions of origin, the prevailing area is "Specialists of physical and mathematical sciences, and engineering" in Valencia. Regarding the number of ex-trainees according to the sector of activity by hosting region (Chart 15), the highlight is "Other service activities" in Valencia.

Concerning the length of the traineeship, and according to Chart 27, around 64% of the responding ex-trainees took a 4 to 6-month traineeship, most of them being women (42%). About 30% of the responding ex-trainees took a 12-month (or longer) traineeship. As for the type of hosting entity (Chart 29), private companies hosted a more significant number of ex-trainees (around 46%), while regarding the dimension of the company, a larger number of ex-trainees was hosted in companies with 1 to 9 employees.

Concerning how ex-trainees learnt about Eurodyssey Programme, the most common means were "Through friends/family" (35,8%) and "Searching the web" (19,4%).

When asked about the reasons behind their application to Eurodyssey, the number of answers reached 211 (the questionnaire included multiple choice answers), women standing out once again with a meaningful percentage (78,2%). The most common reasons are, firstly, "Learning/Improving a foreign language" and, secondly, "Achieving work experience".

As regards the grant's assessment and the meeting of expenses (Chart 38), around 60% of ex-trainees chose the 1st option: "Enough to meet basic expenses (accommodation, transport and food)", while most of them met the other expenses by resorting to their "Savings".

Taking Chart 41 into account, about the usefulness of the language course, a very significant percentage of ex-trainees, 92%, answered yes.

When asked about how to assess the experience gained during the traineeship, the majority answered "Good", highlighting the "Skills developed during the traineeship". Those who voted "Excellent" privileged "Meeting coworkers", "Meeting other Eurodyssey trainees" and "Integration into the community".

By analysing Chart 44 (professional situation six months after the end of the traineeship), one concludes that 36% of the ex-trainees were unemployed, while 34% were employed, the majority being women.

In conclusion, 94% of the responding ex-trainees considered the Eurodyssey traineeship as a valuable input for their career.
